

## CANARY canturio<sup>™</sup> Tibial Extension with CHIRP<sup>™</sup> System Setting Up Your Patient Account Quick Start Guide

## **Setting Up Your Patient Account**

## Canturio<sup>™</sup> Tibial Extension (CTE) with CHIRP System

Before you have your TKA surgery, follow the steps and screenshots below to set up your patient account. After you complete your account setup, a Home Base Station and connection accessories will be provided to you. The Home Base Station will receive kinematic data from your CTE to send to your doctor to monitor your activity level post-surgery.

- After leaving the doctor's office, check your email for a message containing instructions on how to set up your patient account.
- 2. In the e-mail, click on the link, as circled in the screen shot example below.

3. Your username should already be filled in for you. If it is not, enter youremail address. Your email address is your username.

Create a password. Your password must be a minimum of 8 and a maximum of 15 characters. It must include at least 1 upper case letter, 1 lower case letter, 1 number, and 1 special character . Click "Save."

**NOTE**: Save your username and password for future login. There is a space onpage 2 of this manual to write it down. You will need it to set up your Home Base Station and view your Patient Dashboard.

It is recommended that anti-virus and anti-malware software protection be installed to protect computer systems from cyberattack.

 You should now be at the Terms and Conditions page, as shown in the screenshot example below. Read the Terms and Conditions for receiving a CTE with CHIRP. To continue with registration, you must Agree to the Terms and Conditions.

You are not required to agree. You can click "Disagree" to stop the account setup process. Your doctor can provide you with a standard knee implant instead of the CTE with CHIRP System. You can also change your mind at any timebefore having your surgery.

If you agree to the Terms and Conditions, click "Agree."

6. You should now be at the Global Privacy Policy page, as shown in the screen shot example below. To continue with registration, you must provide your acknowledgment that you have received the Global Privacy Policy (which is also accessible from your patient account after registration). If, after reviewing the Global Privacy Policy, you do not wishto be provided with an implant with the CTE and CHIRP, you may wish to discuss alternatives with your doctor. Please indicate your acknowledgment by clicking "Acknowledge and Consent."

7. You should now be at the "My Profile" Welcome screen as seen in the screenshot below. Read the information and click "Next."

 You should now be at the Personal Information screen. There are 2 areas on this screen where you need to fill in your information, as shown in the screenshot examples below and to the right. They are Patient (you) Details, and Caregiver Details, which is optional.

**NOTE**: If you are under 18 years of age, your parent or guardian will need to complete this information.

Each field with a red asterisk next to it is required information that must be added before you can move on to the next screen. Click on each tab and provide the required information. Then click "Save & Next." If you have a caregiver, select yes to the prompt and enter in their information, otherwise select no and proceed to the next step.
